**Declaration of Conformity to the REACH Regulation (EC 1907/2006),
SVHC candidate list from 25/06/2025**

Dear Sir or Madam

Deutsche Steinzeug Solar Ceramics GmbH considers it a matter of course to manufacture products in accordance with the applicable legal requirements.

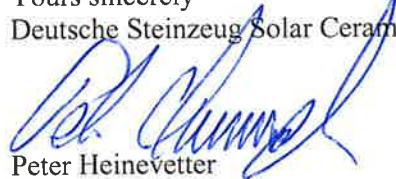

The requirements of the REACH Regulation (EC 1907/2006) are therefore the subject of our continuous quality assurance, the implementation of which we ensure in close co-operation with our suppliers.

As a manufacturer of ceramic wall and floor coverings, we are classified as a downstream user (producer of articles) in accordance with the REACH Regulation, and we naturally fulfil the associated obligations in the context of supply chain communication with suppliers and customers.

According to information from our suppliers, we hereby confirm that our ceramic products do not contain any substances of very high concern on the SVHC candidate list (<http://echa.europa.eu/de/candidate-list-table>) or that their maximum permissible limits are complied with.

Yours sincerely

Deutsche Steinzeug Solar Ceramics GmbH

Peter Heinevetter
